

**The Avenue Cycle Path** runs between the villages of Seaton Sluice and Seaton Delaval.

Starting in Seaton Sluice you can join the cycle path across the road from the end of Eve Black Way. After carefully crossing the A193, head north towards Fountain Head Bank roundabout and then up the short hill that is signposted for Seaton Delaval, A190.

The route is along the shared pedestrian/cycling footpath and after Fountain Head Bank and Lookout Farm you will soon reach Seaton Delaval Hall, 18<sup>th</sup> Century home to the Delaval Family. Carry on west along the footpath as the path follows the old Delaval Hall wall and around to the Church of Our Lady you will come to the bottom of The Avenue and the tree lined route ahead.

Follow the path beside the road until it ends, then carefully cross the road just after the junction for New Hartley at the start of the Waggonway. The route now heads up The Avenue, through the trees, to Seaton Delaval where there is an opportunity to get refreshments at Avenue Head.

This route is on a traffic-free cycle path.
